Nuisance Call Block

DECT security uses advanced encryption technology for wireless communications to reduce the risk of wiretapping.

Reduce unwanted calls such as telemarketers

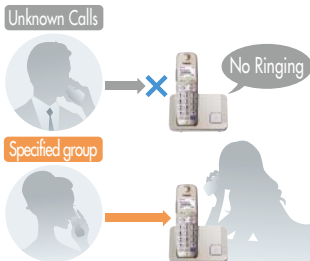

Nuisance Call Block*

You can block any specified number, as well as any head string of 2 to 8 digits matching your specified numbers or "no number is provided" calls.

*Requires subscription to Caller ID service offered by your provider/telephone company. No number calls cannot be blocked depending on the service of your provider/telephone company.

Never disturb your sound sleep despite staying available to your important ones

Do Not Disturb Mode

Each handset can be programmed to prevent ringing during specific periods. However, the sound of the special calls by placing them in a contacts group of the phonebook can be turned on.*

*Requires subscription to Caller ID service offered by your provider/telephone company.

KX-TGA20

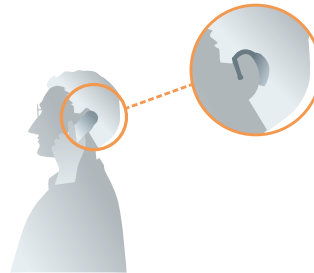

Completely eliminate radiation while the phone is on standby mode

Radiation Free (Eco Mode Plus)

Eco Mode Plus cuts transmitting power to zero. The base unit stays OFF until a call comes in or a handset is activated.

Enjoy clear conversations, wearing a hearing aid

HAC (Hearing Aid Compatibility) Support

This handset meets the TIA-1083 standard for hearing aid compatibility. It is designed to work well with a hearing aid, reducing noise.
